

Childcare you can trust like family

What is an au pair?

An au pair is an educated young person from abroad who lives with you in your home for up to two years, cares for your children and becomes a part of your family. Not only is hosting an au pair often more affordable than daycare or nannies, you'll also enjoy these unique benefits:

Flexibility

An au pair can provide up to 45 hours per week of childcare on a schedule you decide, including early morning, evening and weekend coverage.

Trust

Because an au pair lives in your home, mutual trust develops more quickly than with a daycare provider or nanny.

Culture

Au pairs come from many countries all over the world and can share their language and culture with your family, fostering a sense of curiosity and global perspective.
